

The 2022 PEI Mutual Insurance Company 4-H Judging Competition

The competition will be held at the *Dundas Agricultural Fair*
on the evening of Friday, August 26, 2022.

Who is eligible? PEI 4-H members of age 9 to 21 (as of January 1, 2022).
The competition has three age categories > **Junior, Intermediate and Senior.**

What is it? Judging is the evaluation of an exhibit and making a comparison to other exhibits in the class. After evaluating each exhibit individually, a ranking is assigned to the entire class by both the members and the judge for that class. The goal of the members is to have their rankings match that of the judges. Judging is a fun way to hone your critical thinking skills and learn about what is involved in judging 4-H classes.

No experience necessary—beginners encouraged to participate!

There will be 2 minutes briefing from the judges and 8 minutes of judging time for the members for each class of
beef, dairy, horse, forages, produce, & mystery

Junior members are required to give oral reasons on one class of either beef or dairy.

Intermediate members are required to give oral reasons on one class of beef, one class of dairy, and one other class.

Senior members will give oral reasons for all classes.
