Exhibition Dates to Remember

PEI Summer Exhibitions and 4-H go hand in hand! We are excited to be back on the fairgrounds this summer with 4-H project displays as well as livestock classes.

Members who have completed a Home Ec or Life Skill project are invited to send a project item on the “Exhibition Circuit.” The Exhibition Circuit is our term for the series of fairs (see below) that 4-H has a presence. Submitting project items is at your own risk. There are specific items that members can send and we encourage you to check the Exhibition Book or contact your 4-H specialist for details. Project items can be dropped off to the Provincial Office anytime up until July 26th. Items will be judged at each of the fairs listed below and prize money will be awarded to members who place 1-5, along with champion and reserve champion prizes. The deadline to register for livestock classes has come and gone, but it is important to let the 4-H Office know in advance if you do not plan to attend a fair that you had signed up for.

Provincial News

We're working on enhancing our volunteer management as part of our ongoing planning and development. This includes recruitment, retention, training, recognition, etc.

To understand where we are now and see the impact of any changes we might make, we're starting an annual volunteer survey and looking for your support in providing feedback.

The survey is relatively short, 7-8 minutes; all responses are confidential and provide lots of opportunities for written feedback should you wish to provide suggestions.

We appreciate your taking a few minutes and letting us know your thoughts.

4-H PEI Ambassador Program

At the beginning of the summer 4-H PEI staff launched a new Ambassador program. The program came from a desire to provide further opportunity to our

senior members to be actively involved and valued as partners in expanding 4-H marketing and promotion efforts. It is our hope that this experience will enhance leadership skills, citizenship, communication and public relations, while providing an opportunity for our members to share their experiences during their time in the 4-H program.

The Ambassador Program is a provincial opportunity that promotes involvement within local, regional and provincial 4-H activities and more! Each Ambassador will serve a short term commitment over the summer months. Should the program continue in future years Ambassadors will be re-selected.

With careful consideration 4-H staff selected a small group of 4-H members within their Region who would best fit this role. While we believe that many of our 4-H members have the experience and capabilities to fulfill the Ambassador role, we also recognize that there are some 4-H members who have a true dedication, a wealth of knowledge and a genuine passion for 4-H that deserves recognition.

The 2023 Ambassadors have already met in person to discuss the expectations of their role, responsibilities and opportunities that they will have this summer. While they are gaining new skills and empowerment, they will also be recruiting new 4-H members, sharing the values of the program, raising awareness and increasing visibility at summer events across the Island.

Stay tuned for a special release to introduce our 2023 Ambassadors and be sure to stop in to say hi at Exhibitions and special 4-H events!
