- On the alternate side of this page are pictures and descriptions of each product that you will be selling. You should take time to make yourself familiar with the products. There have been some price and size adjustments made for some of the products.
- You may choose to sell the fundraiser products by going door to door or you may choose to sell products over the phone. For the 2020 year, it is recommended to try to do as much of your selling via email/phone as to follow social distancing recommendations. Please be sure to sanitize regularly and wear a mask when possible if you are visiting individuals.
- Complete the entire order form including the customer information section. The form requests the full names and phone numbers of your customers. It will be necessary to have phone numbers to call your customers and let them know when you will be delivering the product. This information will also be used if your club wishes to establish a database of their 2020 fundraiser customer.
